## ULTRASOUND PRODUCTS

### Aquasonic 100

#### Ultrasound Transmission Gel

The most widely used gel for diagnostic and therapeutic medical ultrasound.

Recommended for all procedures where a viscous gel is required.

#### Features

- Acoustically correct for the broad range of frequencies used in medical ultrasound applications
- Gentle wetting of the skin assures excellent transmission of ultrasound waves at all times
- Completely aqueous, will not stain, clod-ling, damage transducers or irritate skin
- Unique "can't be copied" formula is hypoallergenic, bacteriostatic and non-sensitizing
- Not a spermicide
- No salt, no formaldehyde
- Used and recommended by leading manufacturers of ultrasound equipment worldwide

#### PRODUCT#

## ULTRASOUND PRODUCTS

### Aquaflex

#### Ultrasound Gel Pad - Standoff

2cm x 9cm is an aqueous, flexible, disposable ultrasound standoff for use in difficult to visualize and near field areas, or when gels alone won't do.

Disposability eliminates the risk of cross contamination.

#### Features

- Requires no gel, except in prolonged procedures
  - Requires only gentle, even pressure to yield better visualization of near field and superficial structures
- Cushions sensitive areas for comfortable scanning
  - Hypoallergenic, bacteriostatic
  - Disposable
  - No clean up, easy to use

#### PRODUCT#

04-02

#### PACKAGE SIZE

2cm x 9cm gel pad, 6 pads/box

### Scan

#### Ultrasound Gel

Our exclusive dual-viscosity formula allows SCAN to be applied as a gel and scan as a fluid. For medical ultrasound procedures where a less viscous gel is desired.

#### Features

- Acoustically correct, provides superior transmission of ultrasound waves
  - Completely aqueous, will not stain clothing, damage equipment or irritate skin
- Used and recommended by leading manufacturers of ultrasound scanning equipment worldwide
  - Hypoallergenic, bacteriostatic

#### PRODUCT #

11-08

8 oz. dispenser size bottle, 12 per box

11-28

1 U.S. gallon with dispenser, 4 per case

11-28S SCANPAC contains:

4 SCAN gallons, 2 dispenser bottles and 1 dispenser pump

### Polyson

#### Ultrasound Lotion

Multi-purpose ultrasound lotion with superior coupling efficiency in a pleasing cosmetic quality base.

Recommended for all medical ultrasound procedures where a lotion is preferred.

Also available, Polysonic Ultrasound Gel with Aloe Vera.

#### Features

- Rich, moisturizing formula will not dry or irritate skin
  - Comfortable and pleasing to patient and ultrasound practitioner
  - Acoustically correct for the broad range of frequencies used in medical ultrasound
- Will not damage equipment or stain clothing
  - Hypoallergenic, bacteriostatic
  - No salt, no formaldehyde
